“ I went to high school at Central Catholic with Mark. I always remember him being one of the nicest and sweetest people in the class. Always had a smile on his face. He just had such a beautiful spirit, never had anything bad to say about anyone and no body could say anything bad about him as he was always willing to help and laugh at my jokes even if they weren't all that funny. We have our 30th class reunion coming up next year and I am very sad he won't be there to catch up with but his Energy will be present I'm sure as Energy never dies. Prayers to the Sutton Family

“

Mark was the very first neighbor to welcome me when I moved in above him last year. We chatted from time to time and lately he would strike up a conversation everytime I walked out onto my deck. It was only a little over a week ago, he was outside and excited at spray painting a car part for his nephew. I am in shock and saddened at his passing. He was such a nice and friendly neighbor and will be missed.
